

*B1 Contd*

liquid-liquid extraction, membrane separation and chromatographic separation.--

--19. Process to obtain milk according to claim 9 characterized in that genetically modified animals are used.--

--20. Process to obtain milk according to claim 10 characterized in that genetically manipulated microorganisms or animals are used.--

REMARKS

This Amendment is being filed to add claims to preferred aspects of the invention.

An early and favorable action is earnestly solicited.

Respectfully submitted,

  
James V. Costigan
